Battlefield and hospital

FIELD TRIP PACK / Family planner

Manassas area | Civil War history

Start with a question

How did the same war affect people on a battlefield and at a nearby civilian property?

Plan your outings

These are two independent outings or stops. Choose the order and pace that work for your family. Before leaving, use the official pages to check hours, tickets or passes, access, and closures. Bring this pack, a pencil, and a way to record details where permitted.

1. Manassas National Battlefield Park

Adjust for your learner

Younger learners can draw and dictate. Older learners can distinguish observation from interpretation, cite a label or map, and explain where evidence is missing.

Wrap-up project

Create a map-and-diary spread that connects movement, care, and civilian space.

Our visit dates and one thing we need to confirm

Two battles, one landscape

OUTING 1 / Student field sheet

Name _____ Date _____

Your field task

Record the battle and date shown. Sketch a road, slope, or field and explain why its position might have mattered.

Sketch or diagram

What did you observe? What did you read or hear?
