CARDINAL COMPASS HOMESCHOOL NETWORK

Work in a colonial town

FIELD TRIP PACK / Family planner

Williamsburg | Colonial life

Start with a question

What can a workshop and an everyday object reveal about work and status?

Plan your outings

These are two independent outings or stops. Choose the order and pace that work for your family. Before leaving, use the official pages to check hours, tickets or passes, access, and closures. Bring this pack, a pencil, and a way to record details where permitted.

1. Colonial Williamsburg Historic Area

Official visit and planning information

2. Art Museums of Colonial Williamsburg

Official visit and planning information

Adjust for your learner

Younger learners can draw and dictate. Older learners can distinguish observation from interpretation, cite a label or map, and explain where evidence is missing.

Wrap-up project

Make a two-panel exhibit showing how an object was made and how it was used.

Our visit dates and one thing we need to confirm

From material to finished object

OUTING 1 / Student field sheet

Name _____ Date _____

Your field task

Record a material, tool, and action in order. If the process is described rather than shown, label it as an explanation you heard or read.

Sketch or diagram

What did you observe? What did you read or hear?

One question to investigate next
